Subject : AFNOR VALIDATION

Saint-Denis, July 6th, 2010

Dear Madam,

Following the positive advice expressed by the AFNOR VALIDATION technical committee on July 1st, 2010,

I attest that the right to use the AFNOR VALIDATION Mark, according to standard EN ISO 16140, has been granted to RAYAL Ltd for the following alternative analysis method :

RayAL Listeria

**For the detection of Listeria spp
in all human food products and environmental samples**

Certificate N# RAY 32/03 -- 07/10, with end of validity : 1st July 2014

A further letter will mention conclusions and possible reservations made by the technical committee. If reservations are mentioned, I ask you to take them into account without any delay.

Yours faithfully,

**Deputy General Manager
Jacques BESLIN**
